NOVA REIGN

Melodic Techno, Peak Time · Paris, FR

Made with pr

// BIOGRAPHY

Nova Reign is a Paris-based DJ and producer whose sets bridge melodic techno, peak-time energy and the kind of slow-burn dramaturgy that 4am dancefloors live for. Trained in classical piano before moving to electronics, she builds long-form journeys around modulating synth lines, deep sub-bass and patient drops.

After a residency at Basement Collective (Paris FR) and a string of open-air gigs across France, Nova Reign has become a regular booking on the European underground circuit. Her productions land between Afterlife-style cinematic techno and the colder edge of the Berlin school.

Off the booth, she runs the monthly "Reign Sequence" mix series and co-curates the LATE\NIGHT podcast — a platform for emerging French and Italian techno producers.

// PRESS

“A masterclass in patient, hypnotic techno — Nova Reign treats the dancefloor like a long-form composition.”
— Nocturne Magazine

“One of the most considered selectors to come out of Paris in years.”
— Subwave Review

“Her closing set felt less like a DJ gig and more like a slow tide pulling the room under.”
— Pulse FR

// TECHNICAL SETUP
